STRONG PENSION RESOLUTIONS,

In Which Particular Attention is Paid to Hoke Smith's Suspension Policy-The Commander-in-Chief's Annual Address Unanimously Endorsed-The New Council of Administration-The Great Street Pageant at Night in Indianapolis. Woman's Relief Corps.

Indianapolis, Ind., Sept. 7 .- The Grand Army button is disappearing from the streets almost as rapidly as it appeared. Many tents have been folded and stored away, and this morning one could pass along the down-town streets without being jostled at every step. Thousands of veterans left the city last night and today, and to-day every train pulling out of the union station was loaded to overflowing with the soldiers and their friends. But they are not all going today or even to-night. Many remained day or even to-night. Many remained to see the great pageant which took place at 7:80 this evening. This pageant was one of the memorable things of the twenty-seventh annual encampment, and preparations for making it a success have been going on for many weeks. It represented the military history of the United States, and embraced floats, tableaux and fireworks.

The national bodies of the G. A. R. resumed their business sessions this morning and continued throughout the day. The public installation of officers

day. The public installation of officers occurred to-night. The committee on the address of the commander-in-chief presented a report

endorsing it in every particular and

andorsing it in every paracount and added:
"The Grand Army of the Republic has no objection to the scarch light of investigation being turned on the pen-sion list—the nation's roll of honor— but it does demand that it be the search light of love for and not harred toward the brave men who bore the battle, or their widows or orphans." Rev. A. E. Hendrick, of West Liberty,

Ohio, was unanimously elected chap lain-in-chief.

PENSION RESOLUTIONS. The committee on pensions presented

a very lengthy report. Regarding the disability act of June, 1890, the report,

after a long preamble, says:
"We demand that there shall be no

"We demand that there shall be no backward step in pension legislation or administration; that no pensioner shall be deprived of his property without due process of law; that the presumption shall be in favor of honesty and fair dealings; that the process or oppressive process to preserve their pensions; that the sacred trust in favor of those who have borne the battle shall be sacredly observed and sacredly administered; and we do now solemnly and deliberately declare that every presumption should be made in favor of records so made; that no presumption in fraud shall be indulged in against them and that no change be made in the pensions so accorded until after charges have been made and evidence in support thereof corded until after charges have been made and evidence in support thereof has been produced, of which charge each has had full notice and a full and support of the pension so accorded him. "Be it further resolved, That as the commissioner of pensions by his recent withdrawals of the obnoxious rulings which have been so generally condemnial."

which have been so generally condemned has virtually acknowledged the incorrectness of such rulings as we deem it his further duty to at once restore to the rolls the thousands of pensions now standing illegally suspended." The report was unanimously adopted. This afternoon the encampment in-

This afternoon the encampment instructed the commander, in-chief to carry the question of the legality of the suspension of pensions up to the supreme court. The national council of administration was then elected. Among its members are:

Maryland—W. J. King.
West Virginia—U. R. King.
Ohio—R. H. Cockran.
New York—Nicholas W. Day.
Potomac—Lyman B. Outler.
Virginia and North Carolina—Dan Thompson.

Pennsylvania—A. P. Burchfield.
Adams Commander-in-Chief Adams then selected Dr. George R. Graham, of Maryland, surgeon general; J. F. Leach, of Massachusetts, was appointed adjutant general, and Louis Wagner, of Philadelphia, was continued as quarter-

The convention then adjourned sine die to meet in Pittaburgh next year.

WOMEN'S RELIEF CORPS. The Special Address-Breeze Over Mrs. Clark's Case.

Indianapolis, Ind., Sept. 7 .- At the Women's Relief Corps convention today the special address recommended that the departments instead of building homes for the widows and nurses of the war, should send them to the national home. This provoked a dis-

cussion, and it was finally defeated.
Commander-in-Chief Weissert presented the greeting of the G. A. R. in a speech to the convention. A bitter controversy arose over the report in the case of Mrs. Edna F. Clark, of Ohio, who was suspended from the order a year ago, and this action was sustained.
The following officers were elected this The following officers were elected this afternoon and installed:

alternoon and installed;
President, Mrs. Amantha J. Waters,
of Minnesota; senior vice president,
Mrs. Taylor, of Ohio; junior vice president,
Mrs. N. P. Anderson, of California; treasurer, Mrs. Gordon, of Kansas;
councillor, Mrs. C. T. Sheriff, of Pennalterial sylvania.

The convention adopted resolutions denouncing Hoke Smith for dropping pensioners from the rolls and declaring that the administration was justified in putting every ex-federal soldier who served the government in putting down the rebellion upon the pension roll rather than to send some frivolous excuse for rejecting their claims for

NO SHORTAGE

In the Quartermaster General's Office,

INDIANAPOLIS, IND., Sept. 7 .- Regarding the reports sent out from this city last night that there was a shortage in the quartermaster general's office of the G. A. R., Gen. Weissert said that they were untrue. John Taylor, of Philadelphia, who filled that office resigned last July to give his attention to private

business.

The chairman of the auditing committee confirms Gen. Weissert's statement and says that when Mr. Taylor

left the office he accounted satisfactorily for every dollar in his possession to his successor, Gen. Lewis Wagner.

There is considerable talk to-day adout the election of Commander Adams. It was claimed that Governor McKinley was on his way to this city for the purpose of putting General Hurst, of Ohio, in nomination for that high office; that Adams' adherents learned of this and rushed through the election of Adams. Governor McKinley, Hurst's friends say, was taken to a "free show" at Armatrong Park while this was going on. It is the first time that the national officers have been elected on the first day of the convention, and this, it is eaid, tends to confirm the "snap" theory.

All Sorts of Local News and Gossip ...

There was a big crowd left here yesterday on the Baltimore & Ohio for the World's Fair. Among them were Misses Mario and Anna Clements, Miss Ella Jeffers, Miss Maud Cotts, Misses Oliva and Josie McFarland, Oliver Mann, W. and Josie McFarland, Oliver Mann, W. B. Workman and wife, W. D. Wilking and wife, Miss Kate Hammond, Mrs. David Rankin and daughter, and about thirty others whose names were not learned.

There will be a meeting this evening at the office of the Buckeye Savings & Loan Company, of those interested in establishing a central reading room, as suggested by Rev. W. H. Burbank some days since. The project meets with general favor, but it remains to be seen whether the necessary funds can be reliand.

The tank of the Cleveland, Lorain & Wheeling engine that went over the treatle above the steel works is still on the bank there, but the track has been repaired and trains are running as usual. Theodore Thomas, the yard master who got his arm badly pinched in the fall, is able to be about.

George Turnbull, who was hit by a train while on his way home the other night, is not out of danger yet, but the physicians thought it was more of a stupor than dangerous injury. He remained unconscious until yesterday. His only injury is on the head, but it may prove more serious than now seems likely. Mayor McGowan was engaged yeste

day evening in hearing the cases against Matt Watkins and wife for keeping a disorderly saloon and against William Johnson for shooting Nick Hirsch. The latter will also be tried for fighting. Hirsch is not badly hurt, the ball taking effect in the fleshy part of the leg.

The grocery store of John G. Muth was closed by an execution in favor of his father and mother, the First National bank and Dr. George Maser, on judgments amounting to \$1,350. The wholesale grocers also have claims, but the amount of them is not known now. William Sharp, the well-known nailer

and formerly a director in the nall works here, is now at the point of death at the home of his daughter in Steuben-ville from apoplexy. There is no hope of his recovery.

The First M. E. congregation here has asked the east Ohio conference to re-turn Rev. D. W. Chandler as its pastor, and as he has been here but one year, there is scarcely a doubt he will return. Rev. R. G. White, of Washington, Pa., has been chosen pastor of the Christian church here and accepted. He will take charge at once.

Spangler Post lost money by "The Girl Spy" show, but the show people got out whole.

In Childhood's Happy Days. Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy cured her of croup, and in turn administers it to her own offspring and always with the best results.

Is Life Worth Living?

That depends upon the Liver. If the Liver is inactive the whole system is out of order-the breath is bad, digestion poor, head dull or aching, energy and hopefulness the spirit is depressed, a heavy weight exists after eating, with general despondency and the blues. The Liver is the housekeeper of the health; and a harmless, simple remedy that acts like Nature, does not constipate afterwards or require constant taking, does not interfere with business or pleasure during its use, makes Simmons Liver Regulator a

medical perfection. I have tested its virtues personally, and know that for Dyspepsis, fillousness and Throbbing Headache, it is the best medicine the world ever saw. Have tried forty other remedies before simmous laver feegulator, and none of them save more than temporary relief, but the Regulator not only relieved but cured.
